THE PLAN: PERSONALIZED COACHING, KEYNOTE, AND WORKSHOP

This simple Maximizing Your Choice process will empower you to:

- Move from thoughts of scarcity and unworthiness to abundance and worthiness
- Identify the stories that keep you stuck and learn how to get unstuck
- Choose how you spend your time and energy in a way that serves you and others well

THE DILEMMA AND YOUR GUIDE

Have you valued only those things that are 'productive and revenue generating' and neglected your own health and well-being?

We have an epidemic of high-performing women driving themselves into the ground. To do more, be more, have more.

I understand where you are. I lived this experience. I was successful on the outside yet felt something was missing. As a former President and CEO, I've held positions in all phases of executive leadership. I am certified to administer professional development tools and have a master's degree in education, yet I was stuck. I dug in and did the work to reshape my thoughts and beliefs and maximize my choices both personally and professionally, and I will help you find the same freedom.

Our thoughts and beliefs create our experiences and by changing our thinking and beliefs we can profoundly change our lives for the better.
